Profile

Extremely motivated Full Stack Software Developer seeking a career near Austin, TX. I am currently attending Lambda School's Full Stack Web Development course.

Skills

- JavaScript
- Node.js
- CSS & Preprocessors

- React.js w/ Hooks
- Express.js
- SQLite

- Redux
- Postgres
- Git

Projects

Roamly - Github - Live - This is an app that allows you to build a complex itinerary for traveling! Built with React, we are using many different APIs and storing data on a Postgres database using GraphQL.

How To - Github - Live - A web app built with React.js. Browse how-to videos or upload your own!

Replate - Github - A web app that allows restaurants to post food for donation and allows a volunteer to claim said food. The backend is built with Node.js with Express. The database used is Postgres.

Experience

REAL ESTATE AGENT, CROWN REALTY, BILLINGS MT - 2017 - 2019

- Helped clients find and look at houses and answer various questions about houses and the housing market. Had to problem solve difficult questions.

INTERNET MARKETING ASSISTANT, ARCHIE COCHRANE FORD, BILLINGS, MT – 2012, 2016

- Created videos showcasing vehicles that Ford sells.
- Assisted in thinking of creative content to post to various social media outlets.

DETAIL TECH, ARCHIE COCHRANE FORD, BILLINGS, MT - 2010-2014

- Washed and prepared sold vehicles for delivery.
