Profile

Extremely motivated Full Stack Software Engineer. Currently a Team Lead at Lambda School. I have been making websites since 2014 and recently completed Lambda School's 9 month Full Stack Web Development course, during which time I spent 8 hours a day in an agile environment learning React, Node.js, Python, and much more. 2 years of experience in real estate, 3+ years in customer service and 1 year in marketing.

Skills

- JavaScript
- Node.js
- CSS & Preprocessors
- React.js w/ Hooks
- Redux
- Express.js
- Python
- Postgres
- Git

Projects

RLACF - GITHUB - LIVE - 2019 | Tech Used: React w/Hooks, Redux, Node.js, Express.js, Postgres

This app was built for the RLACF for users to be able to browse and sign up for volunteer opportunities as well as create an account to save opportunities for later.

- Planned and built solely by me from scratch.
- Using React, Redux and Hooks as well as Node, Express and Postgres.

ROAMLY - GITHUB - LIVE - 2019 | Tech Used: React w/Hooks, Node.js, Express.js, GraphQL

This is an app that allows you to browse and favorite attractions at specified locations.

- Built on an agile team of 5 developers over 5 weeks.
- Individually completed Popular Destinations component.

HOW TO - GITHUB - 2019 | Tech Used: React, Axios

A web app where you can browse how-to videos or upload your own!

- Individually completed front-end of project in 4 days.
- Worked with another developer to connect backend.

Experience

TEAM LEAD, LAMBDA SCHOOL, SAN FRANCISCO, CA - 2019 - PRESENT

- Review my 9 students code daily, help debug students code, lead daily standup meetings and meet with students 1:1 to ensure their understanding of programming concepts.

REAL ESTATE AGENT, CROWN REALTY, BILLINGS, MT - 2017 - 2019

- Helped answer questions and troubleshoot problems for an average of 10 clients each day.

INTERNET MARKETING ASSISTANT, ARCHIE COCHRANE FORD, BILLINGS, MT – 2012, 2016

- Planned out and created an average of 5 videos from start to finish each month.
- Worked with my team of 4 people to create content to post to various social media outlets.

Education

Lambda School, Online - Full Stack Web Development – Certificate - 2019

Dark Horse Institute, Franklin, TN - Audio Engineering – Certificate - 2015
